Description

A hand-operated, high quality dispensing gun designed to accept Semco® disposable cartridges or Semkit® packages.

Excellent for the "in-field" application of sealants, adhesives and other materials. The ratchet handle is made of metal for tough, durable, long-term use. The threaded retainer provides a tight fit into the ratchet handle, permitting uninterrupted operation. The threaded retainer also allows for quick and easy replacement of cartridges. Custom size retainers accommodate Semco® 32cc, 59cc, 156cc, 214cc, 310cc, 590cc, 940cc, and 315cc (1, 2.5, 6, 8, 12, 20, 32 oz., and 1/10 gal.) disposable cartridges. The retainers are available in metal or plastic.
